

MAKING STUFF STRONGER

Name: _____

The last thing we are going to do for this school year is learn a bit about synthetic materials.

Watch the video "Making Stuff Stronger" by clicking on the link below. Then complete the assignment below.

Synthetic materials are man-made. They are not found in nature. Name 3 synthetic materials that were discussed in the video. For each material, give at least 3 reasons why the material is so useful.

Material 1:

1 reason it is useful:

Another reason this material is useful:

One last reason why this material is useful:

Material 2:

1 reason it is useful:

Another reason this material is useful:

One last reason why this material is useful:

Material 3:

1 reason it is useful:

Another reason this material is useful:

One last reason why this material is useful:
